

PAW SIZING CHART

TO MEASURE DOGS PAWS:

Place dogs front paw, standing up with full weight on a blank piece of paper. Mark from the longest toe nail and come straight back down from the back of the paw to make a second marking. Measure the distance between the two markings and refer to sizing chart. Sizing chart does not print to scale. Take paw measurements with a ruler or tape measure. Use chart as a reference only.

SIZING TIPS:

Choose size which fits dogs entire paw, including toe nails. A snug fit is best. Boots that are too large may slip off.

PUTTING BOOTS ON YOUR DOG:

Your dog will best acclimatize to Muttluks outdoors so be ready to go, then:

- Open the Velcro strap fastener
- Stand over the dog and slip Muttluks on from behind the dog
- Bunch up the cuff and pull the Muttluk over the paw
- Hold the dog's elbow with one hand and wiggle boot on with the other hand
- Pull Velcro strap TIGHTLY around the boot and press shut
- Take your dog outside and enjoy!

COLOURS

Fleece Lined Muttluks are available in Red, Blue, Pink, Purple, Orange, Green, Camouflage or Black. **All Weather Muttluks** are available in Yellow, Black or Camouflage.

Order online at www.muttluks.com or by calling 1-888-MUTTLUK (688-8585). Email inquiries to muttluks@muttluks.com.
